Dear Doctor [REDACTED] A

Our research work on the interaction of personality factors and psychotogenic drugs (including LSD, Psilocybine, and Mescaline) is going along very well, and we have a number of papers on our results in print at the present time. As soon as reprints are available, I will send them along to you.

The climax of our work was obtained at the [REDACTED] We held a symposium there on [REDACTED] Dr. [REDACTED] reviewed the specific factors, and [REDACTED] discussed his paper. Dr. [REDACTED] spoke on the non-specific factors, and his paper was discussed by [REDACTED] There were ten young scientists on the panel. The symposium was most successful, and was so well attended that 60 to 70 people had to stand.

We would like to publish the proceedings of this symposium in the form of a book, rather than have it included in the [REDACTED] Proceedings - which are accessible to a limited number of people, and are hardly ever read!

B The manuscript will consist of about [REDACTED] typewritten pages. [REDACTED] informed me that it will cost about \$2,650.00 to produce 2,000 to 3,000 copies of the book, including [REDACTED] copies which will be sent out for review in national and international medical journals.

B I am submitting this information to you in the hope that [REDACTED] might give us some financial assistance. Please let me know how you feel about my submitting an official request for a grant.

1. The purpose of this Subproject is to provide funds for continuing the support of Dr. [REDACTED] Hospital, in his studies on psychotomimetic substances. He is presently engaged in a comparison of one of the newly discovered materials of this type [REDACTED]

2. The attached proposal outlines the experimental procedure to be followed in the project. It incorporates several types of observations, both psychological and physiological, which have not generally been applied previously in this type of study. Dr. [REDACTED] has also agreed to add to his protocol certain tests which are of interest to TSS/CD. It should be noted that our financial contribution to this program represents only a portion of the total cost.

3. The cost of this Subproject for a period of one year will not exceed \$4,000.00. To this must be added \$160.00 representing the 4% charge made by [REDACTED] for its services. The total cost will thus not exceed \$4,160.00 for the year.

Dr. [redacted] is an unwitting, unpaid, uncleared consultant of TSS/CD in the field of psychochemicals and has performed many valuable services for the Agency in the past. Dr. [redacted] has agreed to furnish the [redacted] with prepublication copies of all information developing out of the symposium including the scientific papers and discussions. Because of the well-known long term support of work in the psychochemical field by the [redacted] and in view of the first line importance of the participants in this symposium, it would present certain cover difficulties for the [redacted] not to honor this request. 3. The value of this symposium and the information to be gleaned from a participating relationship with its directors has been discussed by TSS/CD with Dr. [redacted] and a copy of the attached prospectus of the meeting was furnished to him for his consideration. The consensus of opinion is that the needs of both offices would be well served by establishing this sort of external relationship through TSS/CD. Certain obligations of TSS with regard to cooperation with other Agency components may thus be discharged in a mutually satisfactory manner. C
